THE ASM CLINIC NEWSLETTER

Current Staff & Volunteer Team

Celebrating God's Bountiful Provision in 2024!

God is so faithful! Once again, I can report that He has undertaken for the ASM Clinic in such amazing ways over the past year. We started the year with a number of faith goals and projects that we were trusting God to help us complete. Through different individuals, companies and organizations God wonderfully provided way above what we had dreamed or imagined! It brings to mind Ephesians 3:20.

MONTHLY OPERATIONAL COSTS

In the current economic environment globally and in South Africa, many non-profit companies and organizations are struggling to make ends meet and to keep their doors open.

Even though the Clinic has several trust funds that have been amazing partners supporting the Clinic for many years, we still had a large sum we had to find to cover the 2024 operational costs. As we sought God's intervention, we were reminded of His faithfulness in the past. He quietened the storm in our hearts and filled us with His peace (Phil 4:7).

I am so happy to report that month-by-month all the needs were met, often from very unexpected sources.

NEW MSHOLOZI CLINIC SITE

In July 2023 we started using the new El Roi and ASM Clinic site at Msholozi even though there were still projects around the site that were incomplete. Slowly over the months various people helped and most of the projects have been completed. Beautiful gardens have been established, paving laid all around the buildings and the third container opened for use. On Saturday 2 November 2024 we held a joyful dedication and thanksgiving service for the Msholozi premises that God provided. It was an opportunity to thank each person, church, businessman, and trust fund for their contribution to establish this beautiful facility. Although we faced many challenges on the journey since purchasing the property a few years ago until finally seeing it completed, God was faithful!

SOLAR POWER SYSTEM

With generous financial aid from Swiss friends, earlier in the year we were able to install gas geysers at the clinic homes and add ten extra solar panels and two additional batteries to the existing solar system. With the goal of helping the clinic to go off the grid they have recently paid for us to add another inverter, eighteen panels and four batteries.

Long term going off the grid will save the clinic many thousands of rand each year. This is such an awesome gift!

ASM CLINIC PROPERTY

More exciting news is that the old ASM property has been subdivided, and recently the portion the clinic uses has been registered in the name of the ASM Clinic … the ultimate gift we received in 2024! **Thank you Lord Jesus for all these miracles!**

ASM CLINIC VISION

Our heart is to reach people who usually struggle to access public health services. The mandate is to love and care for all people in need who happen to attend our clinics. The dedicated team of staff and volunteers are motivated by Jesus 'words in Matthew 25:40 "And the King will say, I tell you the truth, when you did it (helped) to the least of these my brothers and sisters, you were doing it to me!"

Please pray with us that God will continue to touch lives through our ministry and that many more people will be touched and changed, and come to faith in Jesus Christ through the work we do!
